What is The Wild Bunch Film Festival?

It's a competitive event dedicated to making things happen for emerging filmmakers and hoping to inspire and encourage filmmakers as well as screenwriters, to pursue courageous and bold artistic visions for the western genre.

The three-day festival, held in Willcox, Arizona is known for embracing the heart and spirit of independent western films.

Our hope is to attract the high profile and novice filmmakers, so attendees of the festival will enjoy several artistic experiences of western films and individuals driven by the true and raw spirit of independent movie making.

The Award Show will immediately follow! Afterparty at Cattlerest from 10:30pm to 12:30am.

Are your Show Times exact?

The Wild Bunch Film Festival will make every effort for a film to start at its scheduled time, but sometimes Filmmaker Q&As run long and films may start early or late. To be safe it's always a good practice to arrive a bit early for the film you want to see.

What makes TWBFF screenings different?

It's all about the western genre. But even though it's specific to westerns, there's a wide variety of sub-genres of westerns such as classical, contemporary, meat pie, spaghetti, horror, comedy, etc.

Are your films rated?

Most of the films at TWBFF have not yet been rated by the Motion Picture Association of America (MPAA) and therefore have not received an 'Official' rating; however, we have created a ratings system based on MPAA standards giving consideration to the local viewing audience. Festival goers should exercise discretion when attending a film, but please note that all films shown will be either rated G, PG or PG13.
